

## Contact Us Page Object Model

```
Public class contactUs()
{
    WebDriver driver;
    Public contactUs(WebDriver driver)
    {
        this.driver=driver;
        PageFactory.initElements(driver,this);
    }

    @FindBy(xpath="//input[@id="FirstName"]")
    WebElement fName;

    @FindBy(xpath="//input[@id="LastName"]")
    WebElement LName;

    @FindBy(xpath="//input[@id="EmailAddress"]")
    WebElement Email;

    @FindBy(xpath="//input[@id="PhoneNumber"]")
    WebElement Phone;

    @FindBy(xpath="//textarea[@id="comments"]")
    WebElement comments;

    @FindBy(xpath="//button[@id="contact_submit"]")
    WebElement submit;

    Public void positiveContact()
    {
        fName.sendKeys("prakriti");
        LName.sendKeys("sinha");
        Email.sendKeys("prakriti.sinha@yopmail.com");
        Phone.sendKeys("6385866868");
        comments.sendKeys("OK");
        submit.click();
        Assert.assertEquals("Form is successfully submitted");
    }
}
```

```
Public void negativeContact()
{
fName.sendKeys("758646969");
LName.sendKeys("^&^%&%");
Email.sendKeys("prakriti.sinha.com");
Phone.sendKeys("prakritisinha");
comments.sendKeys("$^&%7657575");
submit.click();
Assert.assertEquals("Please fill valid data");
}
```
